

○ Hiroshima University Regulations for Joint Subjects in Graduate Schools
(March 29, 2019 Regulation No. 31)

Hiroshima University Regulations for Joint Subjects in Graduate Schools

Purpose:

Article 1. The Regulations prescribe matters necessary with regard to the Joint Subjects of Hiroshima University Graduate Schools pursuant to Paragraph 3, Article 25 of the Hiroshima University Graduate School Regulations (January 15, 2008 Regulation No. 2).

Subject Category and Education Goals:

Article 2. The subject category and education goals of the Joint Subjects in Graduate Schools for First Term Doctorate Course are as presented in the table below.

Subject category	Education goals
Subjects of sustainable development goals	To understand the international objective of Sustainable Development Goals (SDGs) and to acquire skills to create sciences that lead to the sustainable development
Subjects of carrier development / data literacy	To learn the recent advancements of social systems and to acquire knowledge indispensable for the times ahead

(2) The subject category and education goals of the Joint Subjects in Graduate Schools for Second Term Doctorate Course and Doctorate Course are as presented in the table below.

Subject category	Education goals
Subjects of sustainable development goals	To understand the international objective of Sustainable Development Goals (SDGs) and to acquire skills to solve a variety of social issues
Subjects of carrier development / data literacy	To take specific initiatives for the issues of modern society and to acquire skills to utilize the knowledge and technologies indispensable for the times ahead

Class Subjects and Credit System, etc.:

Article 3. The class subjects to be set up as the Joint Subjects in Graduate Schools (hereinafter, “Class Subjects”) and the credit system thereof shall be shown in the Appended Table.

(2) The class schedule is announced at the beginning of the school year.

Completion Methods:

Article 4. The completion methods of the Joint Subjects in Graduate Schools shall be provided in the by-laws of the graduate schools as well as the basic organizations for the delivery of inter-graduate school programs.

Standard for Calculating Credits:

Article 5. The credits of the Class Subjects shall be counted pursuant to the standard outlined below depending on the type of class instruction.

[1] For Lectures, the class instruction of 15 hours shall be counted as 1 credit.

[2] For Seminars, the class instruction of 15 or 30 hours shall be counted as 1 credit.

[3] For Experiments and Training, the class instruction of 30 or 45 hours shall be counted as 1 credit.

(2) With regard to the Class Subjects in Paragraph 1, when the class instruction is provided in combination of any two or more of the Lecture, Seminar, Experiment or Training, the Executive (for Education and Peacebuilding) shall determine the number of hours of class instruction to count 1 credit in consideration of the said combination and the standard set forth in the previous paragraph.

Registration Procedure:

Article 6. A student needs to complete the designated procedure during a period specified for every term to be registered to take the Class Subjects. However, for such Class Subjects wherein the number of students is limited, the registration may not be granted even when completing the designated procedure.

(2) The registration shall not be granted to those who have not completed the procedure stipulated in the previous paragraph. However, in case a special reason(s) applies, the registration may be granted upon approval of the teacher responsible for the subject in question.

(3) The registration may not be granted for the Class Subjects from which a student has already acquired credits, in principle.

Miscellaneous:

Article 7. Besides the regulations provided herein, the Headquarters for Education shall make decisions on the matters necessary for the Joint Subjects in Graduate Schools.

Supplementary Provisions

This regulation shall come into effect from April 1, 2019.
