

# The TOEIC® Listening & Reading Test in Institutional Program(Online) takes about 1 hour. Your score will be displayed immediately after completing the test.

\*There is no change in test time when taking the TOEIC® Listening & Reading Test (TOEIC L&R) (in Secure Program <SP> and Institutional Program <IP>) that uses the mark sheet method.

\*The name of the test on the test screen is "TOEIC® Listening & Reading Test Multi-Stage Adaptive Version".

## TOEIC® L&R in IP (Online) Overview

### Listening

45 questions /  
approx. 25 min.  
5-495 points

### Reading

45 questions /  
37 min.  
5-495 points

90 questions /  
approx. 1 hour  
10~990 points  
(Scores are in 5-point  
increments.)

### The meaning of the score is the same as that of the mark sheet method.

\*Abilities Measured (percentage of correct answers per ability type) are not included in the test results.

The TOEIC® L&R in IP (Online) incorporates the CAT (Computer Adaptive Test) mechanism.

#### ◆ What is a CAT (Computer Adaptive Test)?

It is an adaptive test system that changes the test questions to be asked according to the ability of the examinee. In a CAT, ability is measured using only problems with difficulty levels determined according to the ability of each examinee.

Therefore, it is generally possible to calculate the examinee's ability (score) with a smaller number of questions (=shorter amount of time) than with a paper-based test.

## TOEIC® L&R in IP(Online) Question Structure

In the TOEIC® L&R in IP(Online), the Listening and Reading sections each have a common set of questions (25 questions) in UNIT ONE. In UNIT TWO, each examinee has a different set of questions (20 questions) given based on the correctness of their answers in UNIT ONE.

	Reading Comprehension	16
UNIT TWO (approx. 14 minutes)	Incomplete Sentences	7

\*The question format is the same for each part with the same name.

\*Even if you proceed to UNIT TWO before the allotted time in UNIT ONE has expired, that additional time will not be carried over to the allotted time for UNIT TWO.

\*In the Reading section, you can check and correct answers to questions you have answered within the allotted test time of each UNIT. However, after proceeding to UNIT TWO, you cannot return to UNIT ONE.
