Students admitted in September	From 0:00 a.m., September 1	(of the expected academic year of graduation ^(*)) to 12 p.m., August 31
Students admitted in October	From 0:00 a.m., October 1	(of the expected academic year of graduation ^(*)) to 12 p.m., September 30

(*1) In principle, applications shall be for the entire period of study until graduation.

In the following cases, however, the commencement dates shall be as follows:

<Enrollment of all students (decided by the school)> In the case where the enrollment date decided (*2) at a school organization is after the commencement of insurance listed above:	The insurance period shall commence from 0:00 a.m. of the resolved date of enrollment.
<Optional enrollment (decided by the student)> In the case where the date the insured (students) applied for insurance at the schools they belong to with the payment of prescribed premiums comes after the above listed commencement of insurance (*3).	The insurance period shall commence from 0:00 a.m. of the following day from the application date.

(*2) The enrollment date cannot be earlier than the date of determination.

(*3) In principle, application shall be submitted at the same time as university/college admission procedures.

If you are not sure about the enrollment form (enrollment of all members or optional enrollment) or if you are not sure about when the insurance period commences, please contact the section in charge at your school (student services, student support, insurance center, etc.).

Points to note

(1) Liability for insurance for students admitted in April begins at 0:00 a.m., April 1. However, commencement for insurance after April 1 shall be as follows.

- ① Enrollment of all students: If the enrollment date decided at a faculty is after April 1, the insurance period shall commence from 0:00 a.m. of the resolved date of enrollment.
- ② Optional enrollment: If the date of the application is after April 1, the liability of insurance will begin from 0:00 a.m. of the day subsequent to the date when students (the insured) submit applications with the prescribed premiums to the member school they belong to.

(2) Liability for insurance for students admitted in September begins at 0:00 a.m., September 1. However, commencement for insurance after September 1 shall be as follows.

- ① Enrollment of all students: If the enrollment date decided at a faculty is after September 1, the insurance period shall commence from 0:00 a.m. of the resolved date of enrollment.
- ② Optional enrollment: If the date of application is after September 1, the liability of insurance will begin from 0:00 a.m. of the day subsequent to the date when students (the insured) submit applications with the prescribed premiums to the member school they belong to.

(3) Liability for insurance for students admitted in October begins at 0:00 a.m., October 1. However, commencement for insurance after October 1 shall be as follows.

- ① Enrollment of all students: If the enrollment date decided at a faculty is after October 1, the insurance period shall commence from 0:00 a.m. of the resolved date of enrollment.
- ② Optional enrollment: If the date of the application is after October 1, the liability of insurance will begin from 0:00 a.m. of the day subsequent to the date when students (the insured) submit applications with the prescribed premiums to the member school they belong to.

2. Damages covered under this insurance

(1) Standard Provisions for Personal Accident Insurance for Students Pursuing Education and Research

Cases where the insured (those who may receive compensation) suffers a physical injury in Japan or overseas as a result of a **sudden or fortuitous accident** of an external origin in the course of educational and research activities in a school shall be covered.

*** However, "illness" shall not be covered.**

(Note) "Injuries" shall include the following:

- ① Toxic symptoms (excluding poisoning symptoms as a result of habitual inhalation, absorption or intake) arising suddenly from the accidental inhalation, absorption or intake of toxic gases or substances from external sources in one breath.
- ② Physical impediment arising from sunstroke or heatstroke.

"The course of educational and research activities" means:

① During regular curricular activities

During classes with lectures, experiments, seminars, and practical training courses (hereinafter collectively as "classes"), including:

- a. Research for graduation thesis and dissertation under the supervision of an educator. However, this excludes research conducted in sole locations involving private circumstances.
- b. Research activities conducted in the school library, reference room, language learning facility, or other locations in the preparation and clean up of lessons under the supervision of an educator.
- c. While engaged in a curriculum at another university, junior college or technical college in accordance with Article 15 of the Standards for Establishment of Graduate Schools, Article 28 of the Standards for Establishment of Universities and Article 19 of the Standards for the Establishment of Technical Colleges. Moreover, "other university, junior college or technical college" mentioned in this paragraph shall

include universities and junior colleges, etc. in foreign countries.

d. Schooling for correspondence students.

② **During the participation of school events**

During the participation of all educational activities which include the entrance ceremony, orientation, and graduation ceremony, and other events hosted by the school.

③ **When on school premises during times other than ①, ②, or ④.**

During periods when the insured is in school facilities owned, used or managed by the school for educational activities. However, this excludes periods in the dormitory, any activity held in times and locations prohibited by the school, and during conduct prohibited by the school.

④ **During extracurricular (club) activities**

During cultural or athletic activities in accordance with the school rules and regulations and under the supervision of a student group approved by the school. However, this excludes when the insured is engaged in mountain-climbing, hang-gliding, other dangerous sports, and activity held in times and locations prohibited by the school, and during conduct prohibited by the school.

(2) Additional coverage for commuting accidents

Limited to those enrolled into "Gakkensai" with this coverage

Cases where the insured (those covered under insurance) sustains a physical injury from an accident during the commute to school from his/her residence or when in transit between school facilities shall be covered.

① **During the commute to school**

While commuting to and from the residence (including the place of employment for those who enter the school after passing the entrance exam for adults) (Note 2) and the school facilities (*2) (until entrance of grounds) for the purpose of participating in school classes (*1), school events, and extracurricular (club) activities of the school by reasonable route(s) and methods (excluding the methods prohibited by the school) (Note 1).

② **In transit between school facilities (*2)**

During transit by reasonable route(s) and methods (excluding the methods prohibited by the school) (Note 1) between school facilities owned, used, or managed by the school for educational and research purposes, as well as between locations where classes, school events, or extracurricular (club) activities are conducted, for the purpose of participating in school classes and other lessons (*1), school events and extracurricular (club) activities of the school.

(*1) For details regarding "school classes," refer to "During regular curricular activities" on page 2.

(*2) "School facilities" refer to facilities owned, used, or managed by the school for educational and research purposes, including locations used for conducting classes, school events, or extracurricular (club) activities.

(Note 1) "**Reasonable route(s) and methods (excluding the methods prohibited by the school)**" means: Routes and methods thought to be generally used by students for traveling to and from their residence and school or between school facilities.

"Routes" of course include routes noted on the school commuter ticket, but also refers to other routes which are considered to be generally used: these, too, shall be deemed as reasonable routes. Also, if detours are inevitable due to public transportation strike, roadblock, etc., and if the routes used for the detours are considered to be generally used, they shall also be considered reasonable routes.

Deviation/Interruption

In principle, damages incurred while or after deviating from the path (straying from reasonable route for reasons unrelated to the participation of class or activity) or interrupting the commute/transit (stopping for unrelated reasons from the commute) will not be covered by this insurance. However, damages incurred after deviating or stopping in the commute on reasonable routes will be covered by this insurance if for purchasing materials necessary for class, school events or extracurricular (club) activities, or during the minimum time necessary for acts considered unavoidable in everyday life. The following are examples of such acts:

- (1) Purchasing a textbook necessary for class.
- (2) Purchasing prepared food items.
- (3) For students who live alone, going to a restaurant.
- (4) Voting in an election.
- (5) Medical checkup at a hospital or clinic.

"Methods" refer to means of travel that are generally used, including public transportation such as railways and buses, cycling, driving, walking, or other normal methods (excluding methods that are prohibited by the school), and shall be considered reasonable methods, regardless if they are regularly used or not.

(Note 2) "**Residence**" means: Building in which the student resides for daily life and the location used when attending school. This also includes the place of employment for those who enter the school after passing the entrance exam for adults.* However, any place students need to stay other than their normal residence due to any event of force majeure such as extended commuting hours, natural disasters, or traffic conditions shall be considered the residence.

* "Entrance exam for adults" refers to the entrance exam for working members of society who are admitted under different methods besides those for general applicants for admission, such as by special selection exam for adults.

(3) Additional coverage for the prevention of contact infection

Limited to those enrolled into "Gakkensai" with this coverage

15,000 yen (fixed amount) will be paid in the event that measures to prevent infectious diseases were received for unexpected contact with infectious pathogens within 180 days from the day on which the accident that was the cause of that occurred including that day within facilities used for the purpose of clinical training.

*Hospital-acquired infections other than infections through contact (e.g., air-borne infections) are not subject to this agreement.

The terms used in the chart below shall be defined by their respective meanings.

6. Procedures for changes of contract (Changes from day or evening classes, etc., withdrawal, absence from school)

(1) For students who have paid insurance premiums in a lump sum for insurance periods of two or more years and fall under the following conditions, please get the necessary form from the section in charge of your school (students section, student support section, health center, etc.) and follow the prescribed procedures.

① Changing from day, evening or correspondence classes.

a. Changing from evening to daytime classes

Payment will be requested for premiums corresponding to unearned years. Please fill in the necessary details on the Notice of Change form and submit it to your school, accompanied by the requested premium payment. (*)

b. Changing from daytime to evening classes

Premium payments corresponding to unearned years will be partially refunded.

Please apply for a refund by filling in the necessary details on the Notice of Change, get proof of transfer from your school, and send notice to the Student Insurance Division, Student Support Department of JEES.

② Withdrawing from school

Please apply for a refund according to the regulation in ① b. and send notice to the Student Insurance Division, Student Support Department of JEES.

However, the amount difference in premiums for the academic year for withdrawal from school midyear shall not be refunded.

③ Absence from school for 1 year or more in total during the period of insurance

Premiums for years of absence shall be refunded. **After the period of absence from school**, please apply for a refund according to the regulation in ① b. and send notice to the Student Insurance Division, Student Support Department of JEES.

(*) Notices of Change are readily available at your school.

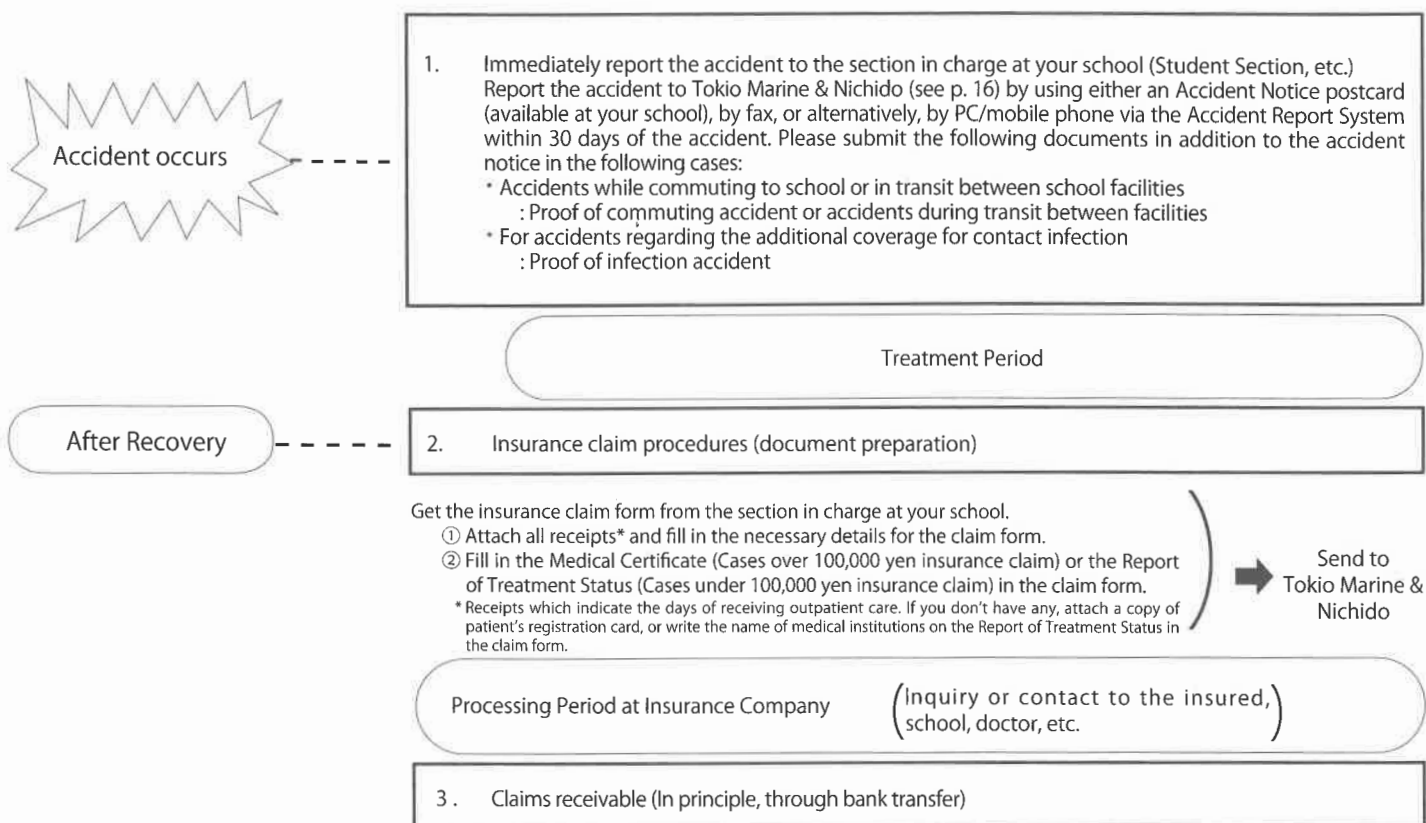

(2) If the length of the course of study is extended for reasons such as absence or repeated years, it will be necessary to follow procedures to extend coverage when the period of insurance ends. Please apply with the prescribed share of premium (*) to your school.

(*) Payment method of premium varies depending on school. For more details, please contact the section in charge (students section, student support section, health center) at your school.

II. Procedures in the event of an accident

〈Flow from an accident to the payment of claims〉

(Flow from an accident to the payment of claims)

1. Accident report

In the case of an accident covered under this insurance, please report the time, place, circumstances, and extent of damages of the accident within 30 days (including date of occurrence) to the relevant section (students section, student support section, health center, etc.) of your school. Subsequently, please notify the Damages and Services Division of Tokio Marine & Nichido either using an Accident Notice postcard (available at your school), by fax, or alternatively, by PC/mobile phone via the Accident Report System.

Please note that insurance claims may not be paid if notice is not received within 30 days of the date of the accident.

The right to request claims is bound by the statute of limitations of three years.

In the following cases, in addition to reporting the accident via any of the aforementioned methods, please also complete the necessary sections and submit the following documents to the Damages and Services Division of Tokio Marine & Nichido.

- For accidents while commuting to school: **Certificate of commuting accident**
- For accidents while in transit between school facilities: **Certificate of accidents during transit between facilities**
- For accidents caused by contact infection: **Proof of examination proving contact infection**

* Accident notices, Proof of commuting accident or accidents during transit between facilities, and Proof of infection accident are available at your school.

* Please address any accident notices and/or insurance claims to the Damages and Services Division of Tokio Marine & Nichido. (See p. 16 for the address for insurance claims)

2. Insurance claim procedures

The insured or representative(*) shall submit the following documents for insurance claims to the Damages and Services Division of Tokio Marine & Nichido.

- ① Insurance claim document (School verified documents and other proof)
- ② Medical certificate from doctor

However, a medical certificate from a doctor is not necessary if the benefit claimant himself/herself fills out and submits the treatment status report form with the receipt (which indicates the number of days for outpatient care; submit a copy of the patient registration card, etc. if there is no receipt) attached, in cases where claims are under 100,000 yen (in cases where the total with other liabilities is under 100,000 yen) and no physical impediment was suffered.

- ③ Other documents (see Article 25 of the Standard Provisions, Article 4 of Additional coverage for commuting accidents, and Article 3 of Additional coverage for the prevention of contact infection)

(*) In principle, if the insured is a minor, the guardian shall file for insurance claims. Moreover, in principle, death benefit claims shall be filed by the legal heir of the deceased.

* It is necessary to submit proof (details on receipt are okay) from the hospital for any days hospitalized.

* Use the designated forms available at your school for the aforementioned documents in ① and ②.

* In principle, claims shall be paid via bank transfers.

Important: After paying the insurance, the underwriting insurance company shall inform the General Insurance Association of Japan about the payment and based on this, the Association shall send a report of payment of insurance benefit to the school. Information on the payment of the insurance benefit related to the accident shall be shared by the underwriting insurance company, the school and the Association.

(2) This does not apply to damages mentioned in ①, ②, or ③ of the chart in Article 2 (Insurance claims covered) (1).

Article 5 (Payment of death benefits)

(1) The Company shall pay the beneficiary the amount which is calculated by multiplying the death benefit by the applicable percentage in the following table (*1) in the event that the insured passes away within 180 days as a direct result of injuries sustained in accidents covered under Article 2 (Insurance claims covered), inclusive of the day of the accident.

①	For cases that fall under ① of the chart in Article 2 (1): 100%
②	For cases that fall under ②, ③, or ④ of the chart in Article 2 (1):

(2) The Company shall pay death benefits according to the legal inheritance when there are 2 or more legal heirs in the case that they become beneficiaries by the provisions in (1) or (2) of Article 30 (Changes to the beneficiary for death benefits).

(3) The Company shall pay death benefits divided equally by the number of beneficiaries in the case there are 2 or more in Article 30 (8).

(*1) In the event that physical disability benefit has already been paid in accordance with Article 6 (Payment of physical disability benefits), the amount shall be the balance after deducting what has already been paid from the death benefit multiplied by the applicable

percentage in the chart under (1).

Article 6 (Payment of physical disability benefits)

- (1) The Company shall pay physical disability benefits to the insured according to the amounts based on the following formula in the event that the insured suffers a disability within 180 days as a direct result of injuries sustained in accidents covered under Article 2 (Insurance claims covered). However, if the insured passes away within 180 days from the accident, inclusive of the date of the accident, from injuries sustained, physical disability benefits shall not be paid for any resulting physical disabilities.

Death benefits	×	Percentage shown in chart of Article 5 (Payment of death benefits) (1)	×	Percentage of insurance benefit payment for each class of physical disability listed in the attached Chart 3	=	Physical disability benefits
----------------	---	--	---	--	---	------------------------------

- (2) The Company shall pay physical disability benefits as calculated in (1) for cases that require over 180 days, inclusive of the date of the accident, for treatment of the insured after verification of the severity of physical disability through a medical examination by a doctor other than the insured on day 181, regardless of provision in (1).
- (3) Even if a physical disability does not fall under any of the classes of physical disability listed in Chart 3, that which is determined to be equivalent to a class of physical disability shall, depending on the severity of physical disability, be considered as falling under that class of physical disability.
- (4) In the event two or more kinds of physical disabilities arise from the same accident, the Company shall pay a physical disability benefit equal to the amount of death benefit multiplied by the percentage listed in Article 5 (1) multiplied by the insurance benefit payment percentage listed in the chart below.

①	In case there are two or more physical disabilities that fall under those listed from classes 1 to 5 of Chart 3, insurance benefit payment percentage for a class which is 3 classes above the class corresponding to the most serious disability among those multiple disabilities shall be applied.
②	In cases other than ①, if there are two or more physical disabilities that fall under those listed from classes 1 to 8 of Chart 3, insurance benefit payment percentage for a class which is 2 classes above the class corresponding to the most serious disability among those multiple disabilities shall be applied.
③	In cases other than ① and ②, if there are two or more physical disabilities that fall under those listed from classes 1 to 13 of Chart 3, insurance benefit payment percentage for a class which is 1 class above the class corresponding to the most serious disability among those multiple disabilities shall be applied. However, if the total percentage of individual insurance benefit payment percentages for each physical disability does not add up to the above insurance benefit payment percentage, that total percentage shall be the insurance benefit payment percentage.
④	In cases other than ① to ③, insurance benefit payment percentage for a class corresponding to the most serious disability among those multiple disabilities shall be applied.

- (5) If an insured who has a preexisting disability sustains an injury that falls under Article 2 and as a result aggravates the severity of his/her physical disability in the same part of the body, a physical disability benefit shall be paid in the amount computed as the death benefit multiplied by the percentage listed in the chart under Article 5 (1) multiplied by the following percentage:

Insurance benefit payment percentage for the class corresponding to the physical disability after aggravation as listed in Chart 3	—	Insurance benefit payment percentage for the class corresponding to the preexisting physical disability	=	Applicable Percentage
--	---	---	---	-----------------------

Article 7 (Payment of medical benefits)

- (1) In the event the insured sustains an injury falling under Article 2 (Insurance claims covered) and receives medical treatment from a medical doctor other than himself/herself as a direct result of the injury, the Company shall pay the insured medical treatment benefit as listed in the chart below depending on the number of treatment days. However, cases that fall under ② of the chart in Article 2 (1) shall be limited to amounts stipulated in ② through ⑩ of the chart below. In addition, cases that fall under ③ or ④ of the chart in Article 2 (1) shall be limited to amounts stipulated in ④ through ⑩ of the chart below.

①	1 – 3 days of medical treatment: 3,000 yen
②	4 – 6 days of medical treatment: 6,000 yen
③	7 – 13 days of medical treatment: 15,000 yen
④	14 – 29 days of medical treatment: 30,000 yen
⑤	30 – 59 days of medical treatment: 50,000 yen
⑥	60 – 89 days of medical treatment: 80,000 yen
⑦	90 – 119 days of medical treatment: 110,000 yen
⑧	120 – 149 days of medical treatment: 140,000 yen
⑨	150 – 179 days of medical treatment: 170,000 yen
⑩	180 – 269 days of medical treatment: 200,000 yen
⑪	270 or more days of medical treatment: 300,000 yen

- (2) 4,000 yen per day will be paid to the insured, in addition to the amounts stipulated from ① through ⑪ in the above chart, as medical benefits for a period of up to 180 days in total in the event that the days for treatment as mentioned in Medical claims in this paragraph include days of stay at a hospital or clinic with instructions from a medical doctor other than the insured.
- (3) The period in (2) shall include the days for measures taken when the measures are deemed as medical provisions based on the regulations established by Article 11 of the laws regarding the transplant of organs in cases where physical measures are taken after the doctor determines the patient to have suffered "brain death" according to Item 4 of Article 6 (Harvesting organs) of the same law.
- (4) In cases where the insured sustains another injury eligible for the payment of a medical claim in the period during which a medical claim is payable, the provisions in (1) shall apply to claims by adding the days for treatment of the respective injuries and any day with overlapping treatments shall be considered as one day.
- (5) The Company shall not pay any overlapping amounts stipulated in (2) for new injuries stipulated under Article 2 while the insured is hospitalized and receiving treatment.

(*1) Includes measures deemed as medical provisions should there be applicable

laws regarding medical provisions in the case there are no such laws regarding medical provisions.

Article 8 (Presumption of death)

The insured shall be presumed dead from injuries under Article 2 (Insurance claims covered) on the day the aircraft or watercraft boarded by the insured went missing or became distressed after thirty (30) days passed from the date the aircraft or watercraft was boarded and the insured has not been found, including the day the aircraft or watercraft went missing or became distressed.

Article 9 (Influence of physical disabilities or illnesses)

- (1) The Company shall pay benefits as if there was no influence for aggravated injuries due to the influence of existing physical disabilities or illnesses when injuries were sustained under Article 2 (Insurance claims covered) or injuries sustained, physical disabilities or illnesses independent of accidents caused by injuries under the same article.
- (2) Payment method in (1) shall be used in cases where injuries under Article 2 are aggravated because the insured was negligent of medical treatment or the policyholder or beneficiary did not allow treatment without legitimate reason.

Chapter 3. Basic Provisions

Article 10 (Commencement and termination of liability)

- (1) The Company's liability for insurance shall commence from 0:00 a.m. of the first date of the period of insurance and shall terminate at 12:00 p.m. on the last date.
- (2) Times shall be based on Japan Standard Time.
- (3) The Company shall not pay insurance claims for injuries sustained in an accident after the commencement of the period of insurance but prior to the receipt of the corresponding premium, excluding cases deemed otherwise.

Article 11 (Duty of disclosure)

The policyholder or the insured must accurately inform the Company of disclosure items requested by the Company upon entering the insurance contract.

Article 12 (Duty of notice regarding changes from daytime/evening classes and absence or withdrawal from school)

The policyholder or the insured must without delay inform the Company of any changes from daytime, evening, or correspondence classes or in the case of absence or withdrawal from school.

Article 13 (Voiding of insurance contract)

- (1) Any facts proving insurance contracts were effected for the purpose of illegally claiming insurance or providing insurance to third parties will be considered completely null and void.
- (2) The insurance contract and relative clauses for the insured shall be null and void for facts that fall under any of the following cases:

①	Insurance contracts enrolled in by the insured or beneficiaries for the purpose of illegally claiming insurance or providing insurance money to third parties;
②	Designation beneficiaries for death benefits (*1) without consent of the insured.

(*1) Excludes cases where the legal heir is the beneficiary.

Article 14 (Expiration of insurance contract)

The insurance contract and relative clauses for the insured shall expire in the event the insured passes away after entering the insurance contract.

Article 15 (Cancellation of insurance contracts)

- (1) The Company may completely void this insurance contract by sending notice in writing to the policyholder in cases where insurance contracts were entered due to fraud or threat from the policyholder.
- (2) The Company may void relative clauses of the insured in this insurance contract by sending notice in writing to the policyholder in cases where insurance contracts were entered due to fraud or threat from the insured or beneficiaries.

Article 16 (Cancellation of insurance contract by the policyholder)

The policyholder may cancel all or a portion of this insurance contract by sending notice in writing to the Company.

Article 17 (Significant reasons for cancellation)

- (1) The Company reserves the right to cancel this insurance contract through a written notice addressed to the policyholder in the event the policyholder falls under any of the following:

①	If determined to fall under the category of "antisocial forces" (*1).
②	If determined to be offering financial contribution or providing conveniences to antisocial forces (*1).
③	If determined to be making inappropriate use of antisocial forces (*1).
④	In the case of a corporate entity, if it is determined that antisocial forces (*1) have a dominant role in the management or have substantial participation in the management of that corporate entity.
⑤	If a reproachable relationship with antisocial forces (*1) is determined.

- (2) The Company reserves the right to cancel this insurance contract (*2) through a written notice addressed to the policyholder for any of the following reasons:

①	If the insured falls under any of ① to ③ or ⑤ in the chart under (1).
②	If the beneficiary for the insurance benefit arising from an injury sustained by the insured falls under any of ① to ⑤ in the chart under (1).

- (3) Even if the cancellation based on provisions (1) and (2) is done after an injury (*3) has occurred, regardless of the provision in Article 19 (Insurance contract cancellation effects), the Company shall not pay insurance benefit (*4) for injuries that occurred from the time reasons ① to ⑤ in the chart under (1) or reasons ① or ② in the chart under (2) arose to the time of cancellation.

In this case, if the insurance benefit (*4) has already been paid, the Company reserves the right to demand return of that payment.

(*1) Refers to crime syndicate, member of crime syndicate (*5), associate member of crime syndicate, company related to a crime syndicate, and other antisocial forces.

(*2) Limited only to that part in which the insured is involved.

(*3) This refers to the injury sustained by the insured in the event of cancellation based on (2).

(*4) Limited only to the amount of benefit which the beneficiary, who falls under any of ① to ⑤ of the chart under (1), is entitled to receiving in the event of cancellation based on ② of chart under (2).

(*5) Including someone who is within five years from the day of quitting his/her membership in a crime syndicate.

Article 18 (Cancellation request of insurance contract by the insured)

(1) The insured may request to cancel the insurance contract (*1) in cases when the insured is not the policyholder for any cases that fall under the table below.

①	The insured did not consent to being insured under this contract (*1);
②	The policyholder or the beneficiary incurs or attempts to incur damage for the purpose of claiming insurance money from the Company under this insurance contract;
③	The beneficiary commits or attempts fraud of insurance money under this insurance contract;
④	If the policyholder or the beneficiary falls under any of ① to ⑤ in the chart under (1) in Article 17 (Significant reasons for cancellation)
⑤	Concern that the total amount of compensation with regards to the insured is considerably excessive due to overlap with other concurrent insurance contracts, which goes against the purpose of the insurance system.
⑥	The Company has lost confidence in the policyholder or the beneficiary due to stern reasons making it difficult to continue this insurance contract (*1) for cases ② through ⑤ or any other cases of the same extent with the insured.
⑦	Considerable changes agreed upon when ending the kinship between the policyholder and the insured, regarding the insured under this insurance contract (*1).

- (2) The policyholder must cancel this insurance contract (*1) by sending notice to the company when the insured requests cancellation as stipulated (1) for reasons ① through ⑦ in the table in (1).
- (3) The Company may terminate this insurance contract (*1) by sending notice in writing to the insured for reasons in ① of the table in (1).
- (4) The Company shall inform the policyholder in writing without delay in the case the insurance contract (*1) is cancelled to provisions in (3).

(*1) Restricted to relative clauses concerning the insured.

Article 19 (Insurance contract cancellation effects)

The cancellation of insurance contracts can only be effected towards the future.

Article 20 (Refund or request of premiums: Duty of notice regarding changes in daytime/evening classes and absence or withdrawal from school)

(1) The Company shall refund or request premiums based on the following formula in cases where notice has been received for Article 12 (Duty of notice regarding changes from daytime/evening classes and absence or withdrawal from school).

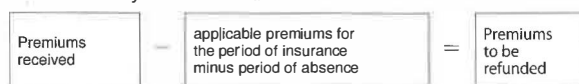

① Applicable premiums shall be refunded or requested based on the amount calculated from the following formula when there are changes in daytime, evening, or correspondence classes. However, the amount difference in premiums for the academic year of changes in daytime, evening, or correspondence classes midyear shall not be refunded nor requested.

② The amount calculated from the following formula when withdrawing from school shall be refunded. However, the amount difference in premiums for the academic year for withdrawal from school midyear shall not be refunded.

③ The amount calculated from the following formula for absence from school for a year or more during the period of insurance shall be refunded. If the last day of that period falls within the period of absence, the period is forfeited on a year unit basis.

(2) The Company shall refund or request the difference in calculated premiums for unearned periods before and after any necessary adjustments in the event the policyholder makes a written request and receives approval for changes to the terms and conditions of the insurance contract in addition to (1) above after entering the contract.

(3) The Company shall cover for injuries sustained in accidents that occur before receiving additional premiums in cases where additional premiums are requested for as mentioned in (2) but have not been paid by the policyholder, in accordance with the Standard Provisions of Insurance and Coverage as if the request for the approval for changes in the terms and conditions had not been made.

Article 21 (Refund of premiums: Voiding of contracts)

(1) The Company shall not refund premiums in the event insurance contracts are completely voided due to the provision in Article 13 (Voiding of insurance contract) for the current academic year the day the voiding occurs, but shall refund premiums for any years beyond the current one.

(2) The Company shall not refund premiums in the event insurance contracts are voided for the insured due to the provision in the table of ① in Article 13 (Voiding of insurance contract) (2) for the current academic year the day the voiding occurs, but shall refund respective premiums of the insured for any years beyond the current one.

(Insurance amounts and premiums)

Article 3 Death benefits for an insured individual of this insurance contract shall be 20 million yen or 12 million yen under Article 5 of the Standard Provisions.

2. Premiums per insured person hereunder shall be provided on separate sheet 1.
3. Insurance periods shall be rounded up to a year when calculating premiums for liability periods less than a year.
4. Insurance periods for additional coverages shall be rounded up to a year when calculating premiums for liability periods less than a year in cases of adding commuting or contact infection coverages in the middle of the period of insurance.

(Additional charge, refund methods)

Article 4 Additional charges and refund of premiums shall be conducted as follows:

- (1) The underwriting companies shall refund premiums according to provisions in Article 21 and Article 22 of the Standard Provisions in the event that all or a part of the insurance contract was voided, invalidated, or cancelled. Also, refund of premiums shall be made according to Article 20 Item 1 No. 2 of the Standard Provisions in the event the insured withdraws from school.
- (2) The underwriting companies shall charge or refund the difference in amounts after subtracting the premiums for earned periods from applicable premiums (corresponding to the period of insurance of the insured) for changes in daytime, evening, or correspondence classes.
- (3) The underwriting companies shall refund the difference in amounts after subtracting the premiums for the period of absence (periods less than a year shall be rounded up to 1 year) from the period of liability in the event the insured will be absent from school for a total of 1 year or more during the period of insurance.

Chapter 2. Matters of liability

(Period of liability)

Article 5 The period of liability shall be as follows, regardless of the provision in Article 10 Item 1 of the Standard Provisions:

(1) Students admitted in April

- a. When an application for insurance together with the payment of the premium is made to the member universities, etc. by the end of March for new students admitted in April, the period of liability for the insured will begin from 0:00 a.m. of April 1 and end at 12 p.m. on March 31 of the expected graduating year.
- b. The period of liability shall begin from 0:00 a.m. of the day subsequent to the application with the payment of the premium to member universities, etc. until 12 p.m., March 31 of the expected graduating year for period other than stated in the above.

(2) Students admitted in September

- a. When an application for insurance together with the payment of the premium is made by the end of August for new students admitted in September, the period of liability for the insured will begin from 0:00 a.m. of September 1 and end at 12 p.m. on August 31 of the expected graduating year.
- b. The period of liability shall begin from 0:00 a.m. of the day subsequent to the application with the payment of the premium to the member university until 12 p.m. on August 31 of the expected graduating year for periods other than stated above.

(3) Students admitted in October

- a. When an application for insurance together with the payment of the premium is made by the end of September for new students admitted in October, the period of liability for the insured will begin from 0:00 a.m. of October 1 and end at 12 p.m. on September 30 of the expected graduating year.
- b. The period of liability shall begin from 0:00 a.m. of the day subsequent to the application with the payment of the premium to member universities until 12 p.m., September 30 of the expected graduating year for period other than stated in the above.

- (4) Any new enrollments shall be deemed as started at 0:00 of the original liability date decided at a faculty meeting above the student year level in departments, subjects, graduate courses, majors, or other courses for "enrollment of all students" and "enrollment date" and when the university bears the cost for corresponding premiums for the enrollment of all students. However, the commencement of the liability period for insurance cannot be earlier than the date of determination.

- (5) In the case of the above provision, continued enrollment shall commence from 0:00 a.m. on either April 1, September 1, or October 1.

(Underwriting shares of insurance)

Article 6 The shares of the underwriting companies in this insurance contract shall be determined separately. It is agreed and understood that the underwriting companies shall have rights and obligations, not jointly but separately, under this insurance contract.

Chapter 3. Matters concerning the business administration, rights and obligations of member universities, etc. and JEES and the underwriting companies

(Responsibility of safekeeping corresponding premiums)

Article 7 JEES shall request the member universities, etc. to keep the amount of corresponding premiums received for the underwriting companies, separately from any other assets of the member universities.

(Corresponding premiums and report of books and records)

Article 8 The underwriting companies may request JEES to report on the money, books and records it keeps when it is deemed necessary to do so under this insurance contract. Also, JEES shall, upon request of the underwriting companies, request the member universities, etc. to report to the underwriting companies on the money, books and records kept by them.

(Preparation and keeping of enrolled list)

Article 9 JEES shall request the member companies to prepare 3 lists of enrolled students, of which one shall be retained by the member university, etc. and two copies shall be submitted to JEES. Upon receipt of the two copies, JEES must send a copy thereof to the underwriting companies, while safekeeping the remaining copy.

2. JEES may forgo with the keeping of the enrolled students list and the sending thereof to the underwriting companies in the case of "enrollment of all students" provided for in (3) of Article 5, regardless of the preceding provision. It is understood, however, that JEES must request the member universities, etc. to prepare a list of enrolled students so that it may be made available at any time for review by the member universities, etc.

(Handling of changes)

Article 10 JEES shall request the member universities, etc. to notify by submitting certificates in writing in any of the following cases:

- (1) The insured changes from day or evening classes, or within the communication department, or withdraws from school;
- (2) The insured will be absent from school for 1 year or more in total during the period of liability;
2. The submission of certificates mentioned in the above provision must be made each time a change is made in the case of (1) above or without delay after the period of absence ends in the case of (2) above.
3. JEES must inform the underwriting companies without delay when a notice is received from the member universities, etc. about any of the matters provided for in the previous two items.

(Proof of accident)

Article 11 JEES shall request the member universities, etc. to do the following when the insured files for a claim:

- (1) JEES shall request the member university concerned to confirm that the accident arose "during regular curriculum or while participating in a school event" and issue and send in the certificate when an accident falls under Article 2 Item 1 No. 1 of the Standard Provisions.
- (2) JEES shall request the member university concerned to confirm that the accident arose "while on school premises other than for the above provision" and issue and send in the certificate when an accident falls under Article 2 Item 1 No. 2 of the Standard Provisions.
- (3) JEES shall, as the need arises, request the member university, etc. concerned to issue a certificate to prove that the university has been notified in advance of the activity carried out by the students' group within the campus (meaning a group approved by the university under the prescribed procedure in accordance with its rules and regulations), of which the insured is a member when an accident falls under Article 2 Item 1 No. 3 of the Standard Provisions.
- (4) When an accident falls under Article 1 Item 1 of the agreement, the following shall apply in the event the insured has enrolled into Commuting coverage.

- a. JEES shall request the member university, etc. concerned to verify the time and date of the accident, the location of the accident, the location for the scheduled activity on the date of the accident, the scheduled details of the activity, the scheduled starting time of the activity and the ordinary commuting route and method when the accident occurs on the way from the insured's residence to school facilities. However, there is no need to verify the time and date of the accident, the location of accident, and ordinary commuting route and method if the member university, etc. has no means to obtain this information.
 - b. JEES shall request the member university, etc. concerned to verify the time and date of the accident, the location of the accident, the location of the activity on the date of the accident, the details of the activity, the closing time of the activity, the time school facilities was left, etc. where the activity was carried out, and the ordinary commuting route and method when the accident occurs on the way from school facilities to the insured's residence. However, there is no need to verify the time and date of the accident, the location of accident, the time school facilities was left, and ordinary commuting route and method if the member university, etc. has no means to obtain this information.
 - c. JEES shall request the member university, etc. concerned to verify the time and date of the accident, the location of the accident, the location of the activity at the destination on the date of the accident, the scheduled starting time of the activity, the time school premises was left, and the ordinary commuting route and method when the accident occurs while in transit between school facilities.
However, there is no need to verify the time and date of the accident, the location of accident, the time school premises was left, and ordinary commuting route and method if the member university, etc. has no means to obtain this information.
- (5) JEES shall request the member university, etc. concerned to verify that the accident occurred during clinical training under Article 1 of the Contact infection coverage when the insured is covered by the Contact infection coverage. However, there

is no need to verify this if the member university, etc. has no means to obtain this information.

(Notice of enrollment)

- Article 12 JEES shall inform the underwriting companies of enrolled students' names for 2 months prior by the end of each month.
2. In cases of delay or omission in the above procedure for reasons of bad faith or gross negligence on the part of JEES, the Company shall regard an amount calculated by the following formula as an insurance claim payable for an injury sustained for each insured student.

$$\begin{array}{|c|} \hline \text{Each claim for} \\ \text{insured persons} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{The insurance} \\ \text{amount for one} \\ \text{insured person} \\ \text{under the} \\ \text{insurance policy} \\ \hline \end{array} \times \begin{array}{|c|} \hline \text{The total premiums based on the notice} \\ \text{before delay or omission} \\ \hline \end{array} \div \begin{array}{|c|} \hline \text{The total premiums based on the} \\ \text{nonexistence of such delay or omission.} \\ \hline \end{array}$$

3. JEES shall pay insurance premiums for the insured concerned even after the termination of the period of insurance in cases of delay or omission in the notice mentioned in the provision in 1 above. This provision shall, however, not apply in cases insurance claims have already been paid in accordance with the preceding provision.
4. The provision in Item 2 above shall not apply in cases where one month has passed since the underwriting companies became aware of delay or omission due to bad faith or gross negligence referred to in Item 2 or five years have passed since the date when there was a delay or omission.

IX. Explanations of Important Points

Contract Overview & Points of Attention Explanation

- The Contract Overview gives particularly important information for understanding the details of this product of insurance.
 - The Points of Attention contain matters which may be disadvantageous to enrolling students and also other matters which are very important to them. Please be sure to read them.
 - This document does not contain all information about this insurance. Full details are given in the insurance clauses on pages 8 - 14. For questions and concerns, please contact the section in charge at your school. (students section, student support section, health center, etc.)
- * Store the pamphlet, copy of application, and enrollment details in a readily available place.

1. Contract Overview

1. Framework and conditions of acceptance

(1) Product Framework

This insurance is a group contract between Japan Educational Exchanges and Services (JEES), the policyholder, and students, the insured (those who may receive compensation), who are enrolled in schools that are supporting members of JEES. In principle, JEES reserves the right to request the insurance policy and the right to cancel the insurance contract.

(2) Compensation and Period of Insurance (Insurance Contract Period)

Please confirm ① conditions and types of claims payable under this insurance, ② main cases with no compensation, and ③ the period of insurance and other details on pages 2 - 6.

(3) Conditions of acceptance (the insured amount, etc.)

These are the underwriting conditions of the insurance of the prearranged insurance types. Please confirm the details of insurance types on page 1 and on page 5.

2. Insurance Premiums

Premiums are decided based on the applicable share of premium and other factors. Please confirm the details of premiums on page 1.

3. Maturity refunds and policyholders' dividends

There are no maturity refunds nor policyholders' dividends under this insurance.

2. Points of Attention

1. Duplication of compensation

In the event that the insured person or their family is already contracted for the same type of insurance product with some other insurer, it is possible that the scope of compensation may be duplicated. Please take time to examine and review the details of your contracts, in accordance with your needs. Moreover, in the course of reviewing your contracts in order to avoid duplication of compensation, when terminating contracts with outstanding indemnification, please be aware that any indemnification may not apply in future. Please exercise caution.

2. Duty of disclosure

At time of enrollment, the insured party is required to notify the underwriting insurance company of any important matters.*

- If the insured party failed to disclose any pertinent matters, or if the items disclosed are found to differ from fact, the contract may be terminated or insurance claims may not be payable.

- When concluding an insurance contract on behalf of another person, any failure to disclose pertinent matters, or any variance from fact in regard to disclosed items caused either by conscious intent or major oversight on behalf of the insured party (those who may receive compensation) or that person's representative, and through no fault of the insuring party or their representative(s), shall be treated as indicated above.

*This includes matters pertaining to other insurance contracts.

3. Duty of notice

(1) Points of concern after enrollment (duty of notice, etc.)

Please refer to the details about the obligation of reporting withdrawal from school and the procedure in the occurrence of an accident on pages 6 to 7. Insurance claims cannot be paid may be cancelled without the notice and procedures.

(2) Acceptance of a renewal contract

Depending on claims made, etc. there may be cases where we find it difficult to renew your contract for the next term or where we find it necessary to limit the conditions of insurance.

4. Commencement date of coverage

Please confirm on page 2.

5. Main cases not covered under this insurance

Please confirm on page 6.

6. Handling of insolvent insurance companies

In the underwriting event that the insurance company should become insolvent, there may be cases where the payment of claims, refunds, etc. is frozen for a

certain period of time or where the amount of claims, refunds, etc. is reduced. Please confirm details on page 16.

7. Coinsurance

For coinsurance, please confirm on the backside of the cover.

8. Handling of private information

Please confirm on page 16.

9. Request for cancellation by the Insured

There is a scheme which allows the insured to cancel the enrollment in which he/she is involved. As to details of this scheme and procedures, please inquire at the contact number on the "Handbook for Enrollment." Please explain the content of this scheme to the family members of the insured.

10. Claim of insurance benefit by proxy

If for certain reasons the insured is unable to claim the insurance benefit, and in the absence of a proxy of the insured who is authorized to receive the insurance benefit payment, a family member such as spouse who satisfies specific conditions by the underwriting insurance company may stand as proxy of the insured in claiming the insurance benefit. As to details, please inquire at the contact number on the "Handbook for Enrollment." Please explain the content of this scheme to the family members of the insured.

11. Cancellation due to revocation of enrollment, nullification or significant reasons

- In the event that the policyholder, the insured or recipient of insurance money engages in fraud or coercion at the time of enrollment, Tokio Marine & Nichido Fire Insurance may revoke enrollment.
- Enrollment shall be nullified in the event that any of the following apply:
 - The insured person's consent was not obtained when designating a death insurance money recipient (except in cases where a legal heir of the insured is designated as the recipient)
 - In any of the following cases, Tokio Marine & Nichido Fire Insurance may cancel enrollment. Note that in such cases, the company may not be able to pay the insurance money either in whole or in part.
 - The policyholder, insured or recipient of insurance money caused damages or injury with the purpose of having Tokio Marine & Nichido Fire Insurance pay insurance money based on this policy.
 - The policyholder, insured or recipient of insurance money is affiliated with organized crime or is deemed to be an otherwise antisocial force, etc.
 - The insured or recipient of insurance money engaged in fraudulent activity with respect to the claim for insurance money based on this policy.
