⑪ コース概要/ Outline of the course		
This course is designed for students with or without disabilities and other special needs to learn about models, history, current issues, strategies in providing collaborative support, accommodations, and differentiated curriculum to include students with disabilities and other special needs in schools and society. Specifically, students in this course will exchange information with other students in universities in China, Korea, Thailand, and Indonesia. It is important to realize the significance of diversity by noticing the differences and similarities through interaction with other students.
