

JAPAN-INDIA Student Exchange Program

ILDP Online Internship in INDIA 2020 Application Guide

[**AIMS**] Hiroshima University is starting an online internship program in corporation with Indian top universities in technology and social economics and a government institute of technology of India. The program aims at nurturing highly innovative human resources who implements progressive technologies into societies of India and Japan. The participants of the program are supposed to acquire the competence in self-understanding and subjectivity.

* This online internship program will be implemented based on Hiroshima University Project "International Linkage Degree Program (ILDP) for Developing Innovators Transforming Advanced Technology to Social Goals" in "The FY2017 Inter-University Exchange Project Type A: Projects that promote international exchange" conducted by the Ministry of Education, Culture, Sports, Science, and Technology. For further information on the program, please refer to ILDP website.

(<http://www.ildp.hiroshima-u.ac.jp/>).

** This program will be provided only by online method. The selected students will not be traveling to India. After the selection completed, the details of the work contents will be decided in consultation with the host faculty member of the partner institution etc.

[**Outline**] Regular students of Hiroshima University take part in an online internship program in ILDP member universities or corporations in India*.

<https://momiji.hiroshima-u.ac.jp/momiji-top/learning/studyabroad/ildp/ildpinternship.html>

** First-year students in master's programs are to submit a transcript of the last year in bachelor's.

*** Due to the influences of COVID-19, the applicant can submit the Form 3 without signature and seal by supervisor.

3 **Selection** Screening of Application documents

First selection Screening of application documents at Hiroshima University

Second selection Screening of application documents at universities of India

Those who has passed the first selection will be notified at around Friday 13th November 2020; they are required to submit additional papers according to the host universities. Further information about the second selection will be provided later.

4 **Duration** More than 2 weeks to less than 6 months

(The start date needs to be between December 2020 and March 2021.)

5 **Certification for the internship**

~~Participants have to submit a request for studying abroad to the faculty and be permitted by the president of Hiroshima University.~~

~~The online internship will be acknowledged as "study abroad". It is not possible to take coursed at Hiroshima University during the internship.~~

- If participants have met the required learning standards, they will be provided with certificates and designated credits (ILDP Career Design Basic / ILDP Career Design Advanced) based on the learning outcomes.

8 **Others**

- Participants must also be responsible for necessary procedures for the internship at the host institution (e.g., research plans, itineraries) after consulting with the supervisors and person in charge. Participants are required to manage themselves on their own responsibility during the internship.
- Participants may lose their status if they no longer meet the requirements for the internship after the selection or if the host institutions do not permit them.
- Participants are required to take BEVI (the Beliefs, Events and Values Inventory) test BEFORE and AFTER conducting the internship. Further details will be announced later.
- Participants are required to submit a final report to Global Career Design Center within a month after the internship. They are also required to cooperate to the best their ability in making an oral report at the on- or off-campus conference, answering to a questionnaire for assessing ILDP, P.R., and supporting the exchange students from the host institutions, students who want to apply to the internship.
