Furthermore, **make sure that you take lectures about overseas travel risk management and the orientation meetings for your respective program**, also thoroughly read this manual, the “Kaigai Anzen Tora no Maki (handbook for overseas travelers)” issued by the Ministry of Foreign Affairs of Japan and other documents related to risk management **before your departure**. Also, if you are Japanese citizens, please do not fail to register your travel plans with MoFA Travel Registration Services (“Tabi-Regi” or ORRnet). Take care that you remember to keep your “Emergency Contact Card” and “Total Support Service Card” with you until you return to Japan.
