Survey of Attitudes toward Gender Equality among University Students
(Survey on the current situation of males and females)

Purpose of the Questionnaire

This survey is being conducted to gain an understanding of what awareness the students of Hiroshima University have in relation to gender roles and lifestyle, and what kind of problems they have experienced in relation to gender distinction at Hiroshima University, in order to create an environment for students entering the university in which individual ability is sufficient regardless of gender.

About the survey's data processing methodology

This survey is anonymous and individuals cannot be identified, so please respond honestly. Once you have completed the survey, it will be processed statistically and stored by the Gender Equality Promotion Office; it will not be used for any purpose other than the survey.

We would like as many people as possible, regardless of gender, to help us in completing this survey.

Deadline: October 25, 2010.

The results of this questionnaire will be used to create a studying environment in which individual ability is sufficient, regardless of gender. The results will also be published in *Momiji*.
